

Transportation Information

These are the four choices of Transportation. You must use at least three of these choices of transportation. **You are not allowed to use an airplane!**

Automobiles- Automobiles must be rented. Money for car and gas must be logged on Accounting Sheet.

Trains – Trains must be real trains. Students will have to look up the train station and schedule online to get the price of their ticket and arrival and departure times. This information will be logged in the Route and Accounting sheets.

Buses- Buses must be real trains. Students will have to look up the bus station and schedule online and get price and arrival and departure times. This will be logged in the Route and Accounting sheets.

Boats- This can be any kind of boat including Ferry's. Once again if they are going to rent a boat or use a tour boat you have to log cost on the Accounting sheet.
