

Tic Tac Toe

XOXOXO

Pretend you are an early settler and write a letter to your family back in England

Compute the number of miles to your destination and predict the trip time

Build a model of one of the bridges you encountered during the race

Compute the probability of getting the transportation that you want in the drawing

Write a news article about the *Great Fire* of San Francisco

Write a persuasive letter to your parents as to why you should participate in the **Great Race**

Draw a poster of an ecosystem that you saw during the **Great Race**

Draw five of the simple machines that you used on your trip and include what you used them for

Create a frequency table of bridges, roads and railroads you encountered on the trip (Options could be animals or landforms)
